Construction Updates

I-5 - S. 317th HOV Direct Access **Military Road South to South 320th Street**

Last week crews began preparations to remove pavement from the northbound on-ramp from S. 320th. We will widen this ramp and build a retaining wall along it.

During nighttime lane closures, crews will re-stripe the northbound I-5 lanes between S. 320th and Military Road to provide more room to work in the median. We're installing drainage structures and concrete barrier in the median near S. 317th. Visit our Web site to see the latest [I-5 – S. 317th construction photos](#).

I-5 HOV Widening **South 320th Street to the King/Pierce County Line**

Crews are grading the median near the Pierce County line to prepare for HOV lane construction. We're also widening the I-5 bridges over S. 336th Street and Highway 18. We're pouring concrete for a retaining wall in the median at S. 375th to separate the higher northbound lanes from the lower southbound lanes. Please visit the [I-5 HOV widening page](#) for more information on this project.
